

Diversity, Equity & Inclusion (DEI) Company Policy

Purpose

Auckland Airport International Limited ("**AIAL**") recognises the value that diversity brings across all levels of our business including our Board of Directors, Executive and Senior Leadership Team, and our people. We are committed to supporting Diversity, Equity, and Inclusion ("**DEI**") in the workplace, ensuring we maintain an environment where our people can bring their whole selves to work, share their unique differences, and create positive, rich, and meaningful interactions on a day-to-day basis.

The purpose of the DEI Policy ("the Policy") is to outline AIAL's strategic framework in relation to DEI, and to supply the principles for guidance, and objectives which will further the progress towards our aspirations.

Background

AIAL's approach to DEI is anchored around enhancing diversity of thought across our business, underpinned by who we are as individuals, our experiences, and our whakapapa (cultural heritage). We recognise that the diversity of thought which arises from our differences is a strength, and by valuing and leveraging the unique characteristics that each person brings, not only will we create an inclusive and inspiring place to work, we will ensure that we make good decisions, generate creative approaches to solving challenges, and leverage our opportunities.

Whilst AIAL takes an inclusive approach, DEI initiatives that further the diverse representation of gender and ethnicity across our business directly inform our business plan. AIAL believes that a company which reflects the diversity of the society in which it operates is a company which is responsive, sustainable, high-performing, and capable of delivering greater value to its customers, community, and shareholders. AIAL is committed to ensuring our business is a reflection of the customers we serve, and the community we are a part of. As the key gateway to Aotearoa-New Zealand, and a significant employer within the South Auckland area, AIAL recognises its responsibility to lead and role model positive DEI practices to ensure that we both positively impact the economy, and remain relevant to the needs of our people, our customers, our stakeholders, and the wider South Auckland hāpori (community).

AIAL is a member of Diversity Works NZ (formerly the Equal Opportunities Trust) and we aim to leverage their advice and guidance to maintain best practice whilst always ensuring that our approach is appropriate to the needs of our people.
